

UV-16

Counterfeit Detection Scanner

Designed for point of sale locations to verify money and IDs, the UVeritech Fraud Fighter™ UV-16 is the most powerful compact counterfeit detection scanner available today.

The UVeritech Fraud Fighter™ UV-16 may be used to detect counterfeit currency, credit cards, driver licenses, and other documents. It is simple to use and more accurate and faster than the counterfeit marking pens.

Each unit also comes with a color quick guide and training material to help educate you staff on how to use the detector to verify money and other documents.
