Issue 7- 2017

Onion Rings

1991
DQQA Board of Directors concerned with the common issue of rising cost of goods and reduced DQ franchisee profitability determined that there were cost of goods savings to be realized. The Board was committed to forming a cooperative buying group for Dairy Queen Franchisees so that operators would have an alternative source of products that were ADQ approved and/or met ADQ specifications and that were priced favorably for the Franchisees. The Dairy Queen Operators Cooperative (DQOC) was formed.

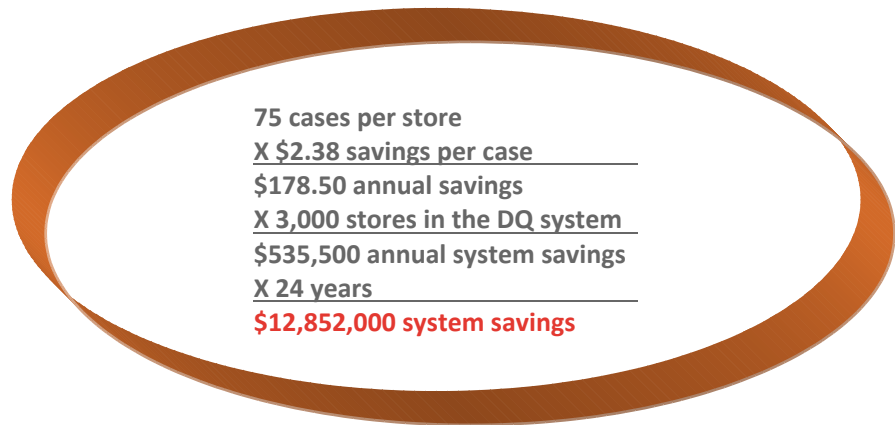

1994
Collins Litigation - A group of franchisees in Georgia filed a class action litigation to protect their contractual rights to purchase products, goods and services from alternative sources of supply. The litigation was filed because ADQ would not provide the standards and specifications for products to alternate suppliers at the request of the franchisees.

2000
The Collins Settlement Agreement (CSA) was created as a result of negotiations between the DQOC and ADQ to end the Collins Litigation. The Collins Settlement reaffirmed the franchisees' rights to purchase approved products from alternative sources. The Dairy Queen Operators' Cooperative is recognized as the sourcing agent working on behalf of the franchisees.

Your DQOC first made available Crown Select Breaded Onion Rings over 24 years ago in April 1993. The savings your DQOC provided at that time was \$2.38 per case. Astonishing savings and that doesn't even include your DQOC Dividend! Prior to the availability of the DQOC products, ADQ was the sole source of supply for the DQ approved Breaded Onion Rings. As a result of the competition introduced by the DQOC for the onion rings, ADQ lowered the prices of the comparable products immediately to match or slightly undercut the DQOC product prices. Every Dairy Queen franchisee in the system has benefited from the cost of goods reductions. Who knows what the price would be today for onion rings if it wasn't for your DQOC creating competition on the products sold to DQ stores?!

**\$2.38/case
in savings**

Take a quick look at how much money your DQOC has saved the DQ system since the introduction of the Crown Select Breaded Onion Ring in 1993, just one item. Let's estimate the average DQ food store purchased 75 cases of onion rings per year over that time span.

DQOC has estimated system savings of nearly \$13 million dollars!!! Let that sink in for a bit...that's just one product that DQOC introduced with substantial savings in the early 1990's. Note, the per store annual savings of \$178.50 is nearly the cost of your annual DQQA dues, which validates that your membership has been a great investment in your bottom line. That's 13 million reasons to support the DQQA and DQOC!

DQOC will be sharing more of these examples in the future, so stay tuned.
